E mail Blasts!

We have been asking our clients lately if they prefer to be emailed for their appointment reminders and we have discovered that a large amount of you would rather get emails than phone calls. This has given us the great idea to start promoting what we do here at Flourish through emails. We will be sending out reminders about special events, sales, and same day discounts. This will be a faster, more convenient way to let you know all about what's new here. Not to mention, it will save a lot of paper and stamps! (Yes, we're going green!) If you would like to ensure that you are included in these special email blasts, please call our office and ask to add your email to our list. We will also have secret discount days, where we send an email out first thing in the morning, mentioning an available appointment time that day, and whoever calls us first will get the appointment for a huge discount! We're talking about 20-50% off services! You have to keep an eye open for these random emails from Flourish and be the early bird that catches the worm. Make sure you don't miss out, so get on our email list right away! Flourish will not share your information or email with any other second parties and will remove your email from the list upon request.

Rich Hydration for your Skin

We are introducing a new moisturizer from Skin Ceuticals, called A.G.E. Interrupter. This rich moisturizer re-texturizes crepey skin to restore a smooth, healthy complexion. This product is perfect for the menopausal and post menopausal woman that needs an extra boost of hydration along with improvements in texture, fine lines and wrinkles. This might be the perfect step up for all those "crème de la copper" lovers out there!

Holiday Wish List

We want to help you this year with your holiday wish list. We have included your own personal wish list in this envelope to fill out and give to a loved one or friend. They can bring your wish list into us at Flourish, and we will gift wrap the item or items for them! You can also bring in your list to us and we will keep in on file. All you have to do is send them our direction. We want to provide the best service and make it easier for you and whoever may be shopping for you this holiday season.

We are Pleased to introduce Dr. Chris Chung

Dr. Chung is relocating his practice, Washington Plastic Surgery, next to Flourish in Pacific Surgical Institute. He is a board certified Plastic Surgeon who specializes in short scar facelifts, 3 dimensional body contouring and breast enhancement procedures. Dr. Chung was one of Los Angeles' top plastic surgeons who has helped thousand of women and men rejuvenate their appearance and self image. He will be starting construction on his office soon, but is currently seeing patients for complimentary consultations here at Flourish and perform surgeries right down stairs at Pacific Surgical Center. They have the best of the best in surgical care and staff here. There is also a discreet side door entrance for cosmetic patients to maintain privacy and confidentiality. Call for your free private consultation. (360)430-8431

Festival of Trees

Our very own Karen Mitchell will be decorating a kids' tree at the Festival of Trees this year. In the past few years, Karen's trees have generated some of the top bids at the festival. She truly has an amazing talent for design! We strongly encourage you to experience this wonderful fund raiser to kick off the holiday season. Check out the public view on the Friday after Thanksgiving, November 28th at the Monticello Hotel.

LIMELIGHT Photofacials

Smooth your skins appearance by removing pigmentation. Age and sun spots will flake away making you look years younger-at an affordable price! Call today for an appointment and receive 15% off your Lime-light photofacial.
